INTRODUCTORY

In presenting this, our 1940 catalog and price list to our many friends and customers, we do so in the sincere belief, that we are offering healthy, high grade bulbs of finest quality.

We lay no claim to vast acreage or countless thousands of bulbs. We do claim to be careful select growers of top-notch quality stock. Our bulbs are free from disease and gladiolus thrip. **THEY ARE STATE INSPECTED, IN FIELD AND STORAGE.**

Large bulbs are $1\frac{1}{4}$ or more inches in diameter, designated by the letter L. Medium bulbs are $\frac{3}{4}$ to $1\frac{1}{4}$ inches in diameter designated by the letter M.

Medium bulbs will bloom this season, the large bulbs will produce larger, taller blooms.

For convenience of those who prefer to buy some varieties in quantity we have divided this catalog in two lists. Our Prepaid List and Wholesale List. In the Prepaid List we pay the transportation charges, in the Wholesale List the customer pays the transportation charges.

We prefer to ship all wholesale orders by Express. If your express office is different than your postoffice, please give both. If you desire your wholesale order shipped by Parcel Post, please include Parcel Post charges.

Please do not ask us to fill any item for less than 10c or any order for less than \$1.00.

Six or more bulbs may be had at the dozen rate. Our terms are cash with order or one-fourth cash, balance C. O. D. We carry no charge accounts.

Early orders are appreciated. We start planting just as soon as the soil is in condition; usually in April. Some varieties are not available after May 1st. Every customer who orders prior to April 1st will receive a surprise package.

In common with other growers we do not guarantee the crop. All stock offered subject to prior sale.
